

LAND SURVEYOR

CROMWELL

**Interesting projects. Broad Experience.
A great place to live.**

Coterra is looking for a capable Surveyor to join our Cromwell team. We are particularly interested in someone with solid practical experience who is ready to take ownership of their work, contribute across a broad range of projects and continue developing professionally. We are open to applicants at different stages of their career, including a graduate who can demonstrate strong ability, initiative and the right approach. This is a role with genuine involvement across the full project lifecycle, from initial survey and investigation through to construction, cadastral survey and completion, with responsibility increasing as you become established within the team.

► THE ROLE

- Cadastral, topographic and engineering surveying
- Residential, rural and land development projects
- Construction set-out and monitoring
- Involvement from initial survey through to project completion
- Work directly with directors, clients and contractors
- Increasing project responsibility as your experience grows

► WHO WE'RE LOOKING FOR

- Relevant surveying qualification
- Practical surveying experience preferred
- Strong field and office skills
- Accurate, capable and practical
- Good communication and a team-focused approach
- Cadastral licensing welcomed, but not essential
- Experience with 12d, Landonline, Leica or DJI UAVs is an advantage

WHY CROMWELL

Cromwell is at the centre of one of New Zealand's most active and varied land development regions. Enjoy lakes, mountains, trails, ski fields and easy access to Wānaka, Queenstown and Alexandra while building your career in a growing Central Otago community.
